

Elgin Mills Chrysler

The firm prepared an overall concept and graphic layout of the Elgin Mills Chrysler Dealership. This involved raised display areas at the main intersections and an interior pedestrian route with raised parking area for car display. We worked closely with the architect and owner to provide presentation renderings. Final presentation renderings were provided to the client within one and a half weeks of the project's onset.

Rouge Valley Health System - Rooftop Garden

Our firm worked with the hospital to design a rooftop oasis for patients to use. We also prepared photo-realistic renders for use in fundraising efforts to have the project built. The rooftop is currently under construction.

Wounded Warriors - Park of Reflection
A Tribute to Canada's Uniformed Services

The firm was retained by Wounded Warriors Canada to collaborate with Daimian Boyne to design a memorial in the Park of Reflection, Cullen Gardens, Located in the Town of Whitby. The memorial will be a living tribute to all of Canada's uniformed services who have become sick or injured in the line of duty. The park symbolizes and augments their journey back to health and represents the sacrifices the few in uniform and their families have made for the greater good.

McLaughlin Heights

Our firm prepared the Landscape Plan for McLaughlin Heights in Clarington. This site required extensive buffer planting and employed new urbanism concepts including a designed central walkway and amenity space. The design included a custom entry feature sign and a stairway access to navigate steep slopes to the street. A conceptual irrigation plan was also prepared.
