Rouge Valley Health System - Rooftop Garden

Our firm worked with the hospital to design a rooftop oasis for patients to use. We also prepared photo-realistic renders for use in fundraising efforts to have the project built. The rooftop is currently under construction.

OPTION 1

OPTION 2

St. James School

The firm was hired by the Dufferin-Peel District Catholic School Board (DPCDSB) to investigate the feasibility of alternative solutions for managing traffic around the school. We investigated the drainage, pedestrian and vehicular traffic around the school to provide the most suitable solution. The firm suggested a “round-about” drop off to meet safety requirements. Detailed drawings were prepared to achieve the final approved construction. The firm acted as the Prime Consultant & retained Engineers and Geo-technical Consultants.

Blessed Trinity

The firm managed the Site Plan approval process, provided detailed grading and drainage design and subsequent construction field review of the parking lot expansion and ground redevelopment. We managed the subcontractors and shepherded the project through the City's approvals process, up to the Letter of Credit release.

Leacock Retirement Residence

Henry Kortekaas and Associates provided the site analysis and landscape design for this four storey seniors housing property, a campused facility including long term care buildings and site amenities. He developed architectural elements in liaison with the Town Staff. The firm promoted the use of rain water collection for usage in irrigation on the site.
